

Rent Pressure Zone Report

Proposed Rent Pressure Zone: Administrative Area of Limerick City and County Council

Date: 28 August 2023

Having considered a request from the Minister dated 25th of August 2023 in respect of the designation of the **Administrative Area of Limerick City and County Council** as a rent pressure zone, I confirm that the **Administrative Area of Limerick City and County Council** meets the criteria set out in Section 24A(4) of the Residential Tenancies Act 2004 (24A(4)(a) as inserted by section 36 of the Planning and Development (Housing) and Residential Tenancies Act 2016 and 24A(4)(b) as amended by section 8 of the Residential Tenancies (Amendment) Act 2019) for such designation.

Criteria:

Section 24A (4) of the Residential Tenancies Act 2004 (24A(4)(a) as inserted by section 36 of the Planning and Development (Housing) and Residential Tenancies Act 2016 and 24A(4)(b) as substituted by section 8 of the Residential Tenancies (Amendment) Act 2019) states:

- (a) the information relating to the area concerned, as determined by reference to the information used to compile each Rent Index quarterly report, shows that the annual rate of increase in the average amount of rent for that area is more than 7 per cent in each of at least 4 of the 6 quarters (each being a period of 3 months that is contemporaneous with the period to which the Rent Index quarterly report concerned relates) preceding the period immediately prior to the date of the proposal by the Housing Agency to the Minister under subsection (1), and
- (b) the average rent (determined by reference to the information specified in *paragraph (a)*) in the area in respect of the 3 months to which the most recent Rent

Index quarterly report applies is—

- (i) in the case of the county of Kildare, the county of Meath, the county of Wicklow or a local electoral area in any one of those counties, above the average rent in the State (other than the Dublin Area) specified in that report, or
- (ii) in the case of any—
 - (i) other county or local electoral area, or
 - (ii) any city, city and county or local electoral area situated in such city or city and county,

above the average rent in the State (other than the Greater Dublin Area) specified in that report.

Methodology

In order to assess whether an area meets the RPZ designation criteria the following process for assessment is followed:

1. The RTB private tenancy data is mapped to each LEA area taking account of the changes to boundary. In producing the rent index, a standardised average rent is provided using a hedonic regression method for each LEA, as well as the following geographical groups: National Standardised Average Rent; Non-Dublin Standardised Average Rent; and, Non-GDA Standardised Average Rent. The Economic and Social Research Institute compiles the Rent Index under the direction of the RTB. The primary focus of the RTB Rent Index is to create a mix-adjusted measure of rents; that is, a measure of rents that takes account of the changing mix of properties rented in different time periods.
2. The data is also examined prior to any mix-adjustment to identify outliers and/or data entry errors. This is not a check of all the variables but is focused on those that will form a part of the mix-adjustment process.
3. The standardised rent is based on the average rent in the base period, which is then updated using the mix-adjusted index.

Results of the Assessment

1. Criterion A - Annualised Growth Rate per Quarter

RTB Rent Index Q1 2023: Administrative Area of Limerick City and County Council						
	1	2	3	4	5	6
Quarters	Q4 2021	Q1 2022	Q2 2022	Q3 2022	Q4 2022	Q1 2023
Annualised percentage increase	11.40%	9.42%	4.81%	14.80%	2.74%	10.52%
Greater or less than	>7%	>7%	<7%	>7%	<7%	>7%

Based on our analysis of the standardised average rent in the **Administrative Area of Limerick City and County Council**, the annual rent inflation has been more than 7% in 4 out of the last 6 quarters. **The Administrative Area of Limerick City and County Council therefore does meet Criterion A;**

2. Criterion B - Standardised Average Rent Comparison

The standardised average rent for the **Administrative Area of Limerick City and County Council** is compared to the Non-GDA standardised average to determine if the Administrative Area meets RPZ Designation Criterion B. The standardised average rent for the Administrative Area of Limerick City and County Council in Quarter 1 2023 was €1,272.55; this is 12.29% above the Non-GDA standardised average rent of €1,133.27. **The Administrative Area of Limerick City and County Council therefore meets Criterion B.**

3. Assessment Result

Based on our analysis of the data used to compile the Quarter 1 2023 Rent Index Report, **Administrative Area of Limerick City and County Council does meet the criteria,** as annualised rent inflation has been more than 7% in 4 out of the last 6 quarters and the standardised average rent is above the Non-GDA Standardised Average.
